24th Edition - October 2023

Introduction

This is the 24th edition of 'Making Ends Meet', the success of this project continues as all copies of previous editions have found their way into the local community.

This information and resource guide has been compiled to assist people who do not have a particularly high income, manage to survive on a tight budget.

The guide is an initiative of Casey North Community Information & Support Service, as many of the people presenting to that service were not aware of services and resources available to them that could make life that much easier.

Casey North Community Information & Support Service has developed a resource that would be useful to all households in the City of Casey, but particularly for those households on a low income.

The information contained in the guide is aimed at providing the most up to date information possible to enable people to access free or low cost services available to them. There are also tips and advice on ways that your budget may be stretched further, and low cost alternatives for things to do with your family and friends.

Every effort has been made to ensure that the information contained in the guide is correct at the time of printing, however we recognise that as soon as such a document is published details can change.

If there is something that we have forgotten, something we have got wrong or some information that you would find useful in future editions please let us know by completing the form at the rear of the guide. Residents are also invited to send comments, ideas or useful information that they may have for further editions to the Information and Support Services.

This guide and others we produce are also available on our website. In addition to the information that we provide in the guides each year, we also have a range of community information on our social media sites. These sites are updated very regularly and we encourage you to check them out for the most up to date information available.

See links under our entries on page 3.

Victorian Poisons Information Centre

Austin Health 13 11 26
www.austin.org.au/poisons

Provides information and advice on treatments for drug overdoses and poisoning.

Helpful Hints and Tips to Manage Poisoning

Some signs and symptoms of poisoning include:

- abdominal pain
- drowsiness
- nausea/vomiting
- burning pains from mouth to stomach
- difficulty breathing
- tight chest
- blurred vision
- odours of breath
- change in skin colour with blueness around lips
- sudden collapse

Be warned, do not attempt to induce vomiting unless advised by the Poisons Information Centre (13 11 26).

If the Casualty is unconscious Follow St John Action Plan - DRSABCD and call for an ambulance.

These are the Signs you Need to Look Out For.

- Danger
- Response
- Seek Help
- Airway
- Breathing
- CPR
- Defibrillation

If the Casualty is conscious:

1. Check for Danger
2. Listen to casualty, provide reassurance to the child, but not advice
3. Determine the nature of the poisoning ie: try to determine the type of poison taken and record it
4. Call 000 for an Ambulance
5. Call 13 11 26 for Poisons information Centre

These safety tips are no substitute for first aid knowledge, and the best way to be prepared is to complete a first aid course.

The City of Casey funds two Information and Support Services. Casey North Community Information & Support Service is based at Narre Warren and assists all residents in the North of the Municipality (previously City of Berwick), and Cranbourne Information and Support Service is based at Cranbourne and assists all residents in the South of the Municipality (previously Shire of Cranbourne). As the title suggests, these centres provide a wide range of community information and support services to assist the local community. There is also a variety of other support services that provide outreach services from the centres.

Managing Your Money

Budgeting

One of the first steps toward becoming financially fit is to start a budget. A budget can give you a snapshot of where your money goes or sometimes where it's not going.

Budgeting helps you take control of your money. It can reduce stress and anxiety around money issues and help you achieve your financial goals.

Try the budget worksheet on the next page or go to the excel worksheet on the Casey North CISS Debt page
www.caseynorthciss.com.au/debt-management.

If you would like assistance starting a budget or have any queries, contact Casey North CISS to speak with a Financial Counsellor 9705 6699 or fc@caseynorthciss.com.au

Organising your bills

You don't have to wait until you receive your bills to start paying them.

A great way to stay on top of your bills is to pay them on a regular basis, for example; if you are paid fortnightly then pay your bills fortnightly.

Ask your utility company to set up a fortnightly payment arrangement. They will work out the total of your bills over the past year and divide the total into 26 fortnightly payments.

This can apply to all of your bills e.g. home phone/ internet, mobiles, loans, credit cards, home loan, rates and school camps/fees.

Bill payment methods

There are several options to pay your bills.

- Post office using a bill or payment card
- BPAY over the phone or internet banking
- Automatic reoccurring transfers via internet banking
- Centrepay
- Direct Debit

Think before you buy

Before you make any large purchases such as a car, TV or mobile phone, it can be a good idea to check your budget first to see if you can afford it.

Concessions

If you have a health care card, pension card or seniors card you may be eligible for concessions on services such as electricity, gas, water and council rates. There may be several other concessions you are entitled to as well, check with the Department of Families, Fairness and Housing (DFFH)

Phone: 1300 475 170

services.dffh.vic.gov.au/concessions-and-benefits

Utility Relief Grant

The Utility Relief Grant is for eligible cardholders and low income earners who are unable to pay their mains electricity, gas or water bill due to a temporary financial crisis. The amount of the grant is based on the balance owing at the time of application and is capped at six months' worth of usage up to a maximum of \$650 for each utility. This grant does not have to be paid back. This grant is available to both private renters and home owners. Speak to your utility company to apply.

Rates

Did you know that you can pay your rates weekly, fortnightly or monthly? Paying your rates on a more regular basis can save you the stress of having to find the money to pay it every quarter.

Your council can average your future yearly rates charges and organise a payment plan for you, this way your rates will always be paid on time.

If you experience financial difficulties and have trouble paying your rates make sure you call the council to request hardship assistance.

Don't forget you can use your pension card to obtain a concession on your rates.

Consumer Credit & Financial Counselling

There are many forms of credit available to consumers such as credit cards, bank loans, short term lenders, store credit cards, finance company loans etc. Obtaining credit at any time should only be done after careful consideration and only after completing a budget. Your personal budget will tell you whether you can afford any loan repayments. Important points to consider before entering into any form of credit.

- Credit is NOT a way of buying what you cannot afford. A budget helps you plan and ensure that you really can afford repayments.
- Credit is NOT unlimited. If you keep using credit, you will quickly find that you cannot afford the repayments.
- Credit is NOT free. It is a service that you pay for. be aware of interest rates and charges and what this means in dollar terms. Shop around for the best deal.

Beware Of

- Pay day loans
- Rent to buy
- Buy now pay later
- Mobile phone deals

Take the time to read the fine print, don't feel pressured to enter into a contract on the spot, take it home and look over it. Again, check your budget before entering into a contract.

If you are experiencing trouble paying your debts seek assistance early by contacting your creditor or a free Financial Counsellor.

Financial Counselling

Financial Counsellors are qualified professionals trained specifically to work with people experiencing financial difficulties. Financial Counselling is a free and confidential service and can assist with the following;

- Debt collection issues
- Overdue bills/utilities debts
- Budgeting
- Mortgage stress/difficulties
- Credit card debt
- Car loans
- Fines, payment arrangements
- Centrelink debt
- Bankruptcy
- Council rates
- Payday lenders
- Your rights and responsibilities

Supermarket Shopping Savings

Below are a few tips for decreasing your grocery bill.

- Write a shopping list. Going shopping without a shopping list can lead to spending on items that you don't really need.
- Plan your meal for the week ahead so you know exactly what you need to buy
- Try to shop only once a week, going to the shops everyday usually costs a lot more
- Shopping when hungry can lead to buying unnecessary goods
- Buy home brand and other less expensive brands, as often the product is the same
- When supermarkets are located close to each other, the costs are usually cheaper
- Check the cost of the item per 100 grams, ml or 1 kg, this can lead to big savings e.g. Shampoo A \$7.95 per 100 ml Shampoo B \$2.50 per 100 ml. The shampoos may otherwise be very similar however you pay more for the brand
- Some supermarkets have market days where fruit and veg is reduced, ask your local supermarket

Tips to Reduce Energy & Water Costs

Energy and water costs have been increasing and while we can't do much about this we can make a difference to our energy usage to reduce overall costs. It's also great for the environment.

Set your thermostat - You can save money by keeping the house temperature set to between 18 and 20 degrees Celsius.

Rug up - Reaching for a jumper, dressing gown and blanket instead of the thermostat will save you a ton. Each degree adds between 5% & 10% to your energy use. So the savings from pulling on another warm layer can add up to big savings in winter.

This also applies to cooling, the recommended cooling threshold is 23-26 degrees, each degree lower than this can add 10% to your energy costs.

Ceiling fans can cost around \$42 a year to run.

Turn off your heaters - before going to bed and when you're leaving the house, it's cheaper and it's safer too.

Keep your windows covered, this will keep the heat inside in winter and out in the summer.

Bar radiators, fan heaters and column heaters are big energy users.

Don't use the shower to warm up – electric hot water accounts for about 1/3 of the average bill. Use water saving shower heads. Keep showers short to save money on water and energy.

Wash your clothes in cold water, most detergents are now designed for cold water.

Clothes dryers can cost several hundred a year to run. Save money by using a clothes horse or clothes line in the summer and inside when the heater is already on.

Turn off gadgets and appliances; up to 10 per cent of the electricity used in your home is used on gadgets that are plugged in on standby. Turn off unused appliances at the wall.

That second fridge in the garage could be costing you an extra \$400 a year. Switch it off when not in use.

Make sure your fridges seal are intact and that there is at least an 8cm gap at the back and sides. This will ensure it runs efficiently.

The more stars an appliance has the more energy efficient it will be.

Replace regular light bulbs with florescent ones or even LEDS, this will reduce your lighting costs by up to 80%.

10 Tips to Reduce Fuel Costs

The more fuel your car uses, the more it impacts on the environment. Following these 10 tips will reduce your fuel costs, air pollution and greenhouse gases.

1. Accelerate gently

Avoid high revs. Don't rev the car unnecessarily.

2. Flow smoothly with the traffic

Be aware of traffic conditions ahead so you can anticipate the next stop and avoid unnecessary acceleration and braking.

3. Avoid excessive speeds

High speeds result in high fuel consumption. Travelling at 100km/h instead of 110km/h can reduce fuel consumption by 10%.

4. Avoid lengthy idling

Turn off your engine when stopped for an extended period and not in traffic.

5. Avoid congested traffic and driving more than necessary

The best way to reduce fuel consumption is to reduce the amount of driving you do. Consider combining trips, carpooling or using other modes of transport.

6. Keep your car well maintained

If your vehicle is running correctly, it will use less fuel and be more reliable. Have it serviced in accordance with the owner's manual (usually every six months or 10,000km, whichever comes first) and regularly check oil, coolant and other fluid levels.

7. Keep tyres properly inflated

Inflate your vehicle's tyres to the higher end of the manufacturer's recommended range of tyre pressures and make sure your wheels are properly aligned.

8. Use the air conditioner sparingly

Air conditioners can increase fuel consumption by between 5 and 10%, particularly on very hot days. However, at higher speeds, use of air conditioning is better for fuel consumption than an open window.

9. Minimise wind resistance

Remove roof racks and other attachments when they are not being used to reduce wind resistance and fuel consumption.

10. Remove unnecessary weight from the car

Remove unnecessary items from the boot. The more weight a vehicle carries the more fuel it uses.

Caring For Yourself

You don't have to pay a fortune for expensive skin care products, here are some ideas for skin care on a budget that will help to make you feel and look healthier. They are fun to make, a lot cheaper than big brands, and if you know what to combine they work incredibly well.

Plain olive oil as an eye makeup remover

It's inexpensive; it works great and does not only effectively clean but greatly nourishes your eye lashes.

Honey as a Cleanser

The enzymes in raw honey eat up dead skin cells and reveal your most smooth and supple skin. It's great for people with sensitive, normal or combination skin. Apply honey to dry skin. Leave on for 15 minutes. Rinse off with warm water. No need for post-facial moisturizer, the honey will leave your skin hydrated and soft as a baby's bottom.

Apple cider vinegar as facial toner

Mix some apple cider vinegar with a little bit of water, and you have an incredible facial toner that is not only refreshing but also helps shrink pores and reduce age spots when applied regularly.

Bi-carb soda as skin exfoliate

Mixing a paste of 3 parts of Bi-card soda to one part water is a great way of exfoliating the body's skin. It is also really inexpensive and easy to use.

Face mask

Mix 2 tbsp bi-carb soda, ½ lemon squeezed and 2 drops of tea tree oil or other oil of your choice suitable for skin. Leave on for 5-10 mins and wash off with warm water.

Spots and pimples

Dab tea tree oil or apple cider on spots to help clear them up quickly. This should be avoided if you are pregnant.

Sensitive Skin

Place a few chamomile tea bags in a bowl and cover with boiling water, hover your face over it for a few minutes.

Cleaning Hints

There are many household cleaning products on the market. These are generally quite expensive and often very environmentally damaging. Some companies are now producing environmentally friendly products, which are better for our environment.

Home-made alternatives

Ceramic bath, basin and tiles

Wipe over with Bi-carb soda and/or vinegar on a damp cloth (vinegar adds shine).

Toilets

Use 1 cup of white vinegar in toilet bowl, leave overnight and scrub the next day. Wipe the outside of the toilet with white vinegar.

Spot cleaning

Place a few drops of eucalyptus oil or glycerine on the stain. Leave for 1-2 minutes, do not rub. Repeat and rinse if necessary.

Windows

Clean with a water-dampened ball of newspaper sprinkled with white vinegar or methylated spirits. Dry with newspaper.

Clean and Deodorise urine on a mattress

Use a white distilled vinegar and water solution. Then sprinkle the area with baking soda and let dry. Brush or vacuum the residue after it is dry to the touch.

Remove Stains from Coffee or Tea Cups

Scrub them gently with equal parts of salt (or baking soda) and white distilled vinegar. Rinse clean.

Clean Grout

Let full-strength white distilled vinegar sit on it for a few minutes and then scrub with an old toothbrush.

Clean and Disinfect baby toys

Add a good-sized splash of white distilled vinegar to soapy water.

City of Casey

The City of Casey is one of 79 Victorian local Councils.

The Council provides over 100 services including childrens, youth, aged and disability services; recreation and leisure facilities; events, arts and cultural activities; health and local laws; Council information and publications; citizenship; building and planning services; environmental programs; waste services; maintenance of roads, drains, gardens, parks and other physical assets; support to business and industry; and many more.

The City of Casey is Victoria's largest municipality with a 2041 forecast of 549,190 residents living in Casey.

Casey currently does not currently have elected Councillors rather has a panel of administrators. The panel was appointed after the dismissal of Casey Council and will remain until October 2024. The three administrators are:
Noelene Duff PSM – as Chair Administrator
Miguel Belmar
Cameron Boardman

The City of Casey has eleven Councillors, representing 6 local wards in which they have been elected. If you have an issue or a problem in the area in which you live, you can discuss the matter with your local Councillor (see page 53).

The City of Casey maintains a comprehensive Community Directory on its website www.casey.vic.gov.au.

This directory provides a wealth of information on services and resources in the municipality.

Housing

Public Housing

Health & Human Services Office of Housing

Provides affordable public housing to families, sole parent families, aged and single people.

Who Can Apply?

You can apply for public housing as a single person, a couple or a family. A group of people can also join together to make a group application. In general, to be considered for public housing, you must:

Not exceed the current general public housing income and asset eligibility limits.

Live in Victoria

Not own or part own a house, unit or flat.

Have Australian citizenship or permanent residency status. Repay any money that you still owe from a previous public housing tenancy or Bond Loan.

How To Apply:

If you think you meet the above conditions, contact your local Housing Office and ask for the General Application form and more information on the eligibility criteria, process involved and waiting period. When you fill out the application form you will need to provide details about the people living with you, their income, savings and other assets.

If you are in Urgent Need:

If you can show that you need housing urgently, you can apply for Priority Housing. This means you will be offered housing before other applicants on the waiting list – even if they applied before you.

Although you will be housed sooner, this is not emergency housing and in most cases there is still a waiting time. Call the Housing Office for more details on early housing categories.

URBAN PATHWAY HOME

The message stick is in the centre of the circle, it is normally sent out by an Aboriginal tribe as a passport to the country before contact. Aboriginal people have since the 1967 referendum, at government and council functions opened or welcomed people to the land and introduced Australian Aboriginal history to the people living in their country. The message stick symbolises this.

The circle symbolises the gathering of people (corroboree). This is a story of people coming to live in the City of Casey.

The paths painted with the nationalities, hand written by the people, tell the story of their culture and their past, coming together with the Aboriginal people.

The background painting of the animals and environment tell a story of a lost bushland taken over by the Urban sprawl, once the City of Casey, that can never be the same again.

The animals are getting ready for nightfall, the kangaroos running off into the bush, the insects, frogs, lizards and platypus hiding for the night. The black cockatoos flying off in the distance, as the brolgas nest in the wetlands and the blue wren finds his way home. The barn owl wakes up for the night, the possum hides in the tree.

The sky tells of a colourful stormy night approaching, of a family safe home beside the fire at the end of the day, with only the weekend insight. In the days before contact, Aboriginal people would have a camp on the river, a humpy with a campfire to light the night, (today it is a TV and central heating) with family and friends to tell stories of the day and the Dreamtime, songs and dance to finish the day. Now we go to Fountain Gate. A supermarket and chemist out the front door, a University and Bunnings out the back.

Not only do the Aboriginal Australians have a sad story but also so do many minority groups and countries. If each group told its story of being forced off their land, this would be a never-ending pathway of travel.
